

# Covid-19 Cross Campus Protective Measures

We are extremely pleased with how smoothly students, teachers and support staff transitioned back on campus for the start of the 2020/21 school year. It is wonderful to witness the return of all our engaged, inquisitive, motivated students. However, we are fully aware that circumstances may change over the winter months and are fully prepared to offer remote learning options as necessary.

We continue to uphold the following protective measures over all three campuses:

- Staggered arrival, break and pick-up times for the Primary school
- Fixed seating plans in classrooms
- One-way walking systems in all corridors and stairways
- Regular ventilation and disinfection of classrooms
- Sanitizer stations at key points of the building
- **EVERYONE** who enters our school campus (secondary students, teachers, staff) wears a face mask at all times and keeps a distance of 1.5 meters from others, whenever possible.
- The few visitors to the campuses are required to answer standard Covid-19 screening questions before entering the building

***We have established a Covid-19 task group to regularly review and evaluate the guidelines and measures implemented in our three campuses.***

***Our students' health, happiness and ability to learn remain our absolute priority.***

## AICS Admissions

Our Admissions Office is available Monday-Friday to answer any questions and discuss enrolment at AICS.
